LOCAL NEWS.

The dangers of civilization are overwork, worry and germs. We need a vitalizing power to sustain us. Learned men and experience point to pure whiskey. Primitive men did not need whiskey. We do. Changed conditions bring fresh needs. And THE whiskey is HARPER.

Mike Tumblin, the negro who attempted to criminally assault Mary Fox at her home, near Morrisson's, in Warren county, several days ago, was arrested Monday night of last week, and is now in jail. Mrs. Fox identified Tumblin and there seems to be no doubt about his guilt.

It is likely that Rev. J. B. Hawthorne, who has just resigned his pastorate in Nashville, will be called to the Grove Avenue Baptist Church, in Richmond, from which church Rev. Dr. J. C. Hiden's pastorate was summarily severed a few days ago by warring factions.

Briefs.

By examining the train schedule of the N. & W. Railroad that went into effect on the 12th inst., it will be seen that trains No. 5, going south at 11:25 a. m., and No. 6, going north at 5:17 a. m., have been withdrawn. The latter train was often availed of by persons wishing to spend a day in Washington. This change emphasizes the importance to the N. & W. of getting possession of the railroad running from Round Hill to Alexandria. To make a connection from this place to Round Hill would not require the construction of a long link, but the passage of the river and mountain would make the first cost somewhat expensive. The N. & W. is surmounting its financial troubles judging from the increase in the price of its preferred stock.

Sell your lambs to the men who buy your live stock the year round, Wall & Hardesty.

From the lowlands and highlands in Maryland given up to peach orchards the report comes that the fruit germs have been ruined by the blizzard. We have heard no reports from this county as to the condition of the stone fruits, but if peaches were killed on the highlands of Maryland we have little hope to lean on that we have fared any better. From the slight examination we made the fruit germs did not seem forward enough to form an opinion as to whether or not they were destroyed.

Carter Holmes, colored, accompanied by several other persons of his race, called at the residence of Mr. Jno. M. Russell, of this place, and asked to see some axe handles. Holmes took six of the handles and insisted that they should be turned over to him for 25 cents. His offer was declined, when he became abusive, whereupon his companions succeeded in getting him off the premises. A warrant for his arrest was issued, and upon being taken before Mayor Jones, Holmes was fined \$24.75.

Wall & Hardesty do the live stock business of the lower Valley.

Last week we undertook to give the amount of claims allowed by Congress in the passage of the bill known as the Bowman act, but as there were some inaccuracies in our statement we copy from the act itself the names and amounts that will be received by persons in this county: R. D. Hardesty, admr. of Morgan Coxen, dec'd., \$865; Mary A. Hart, \$720; James H. Kennan, \$237; Mary F. Lewis, \$1002; Thomas W. Russell, \$772; and Marshall McCormick, admr. of John Alexander, dec'd., \$4555.

Mr. R. H. Whiting, who resides near Briggs, while using his four horse team one day last week, discovered the animals breaking into a run, when he interfered to stop them. Wall, at Charlestown, can furnish you stock cattle at any season the year round.

Attention is called to the change in the advertisement of the Star Shoe House, of Winchester, which is to be found on our first page. During the blizzard the first part of last week the barn on the farm of Mr. Henry Williams, situated 3 miles southeast of Berryville, was blown down, and the timbers falling on two cows killed them.

LANDRETH'S "New Crop" Garden Seeds at W. Richardson's.

The Winchester Star says that Miss Maud Anderson, of the Lewis Jones Knitting Factory, had a narrow escape from death on Tuesday evening of last week, shortly before the plant shut down. While standing near one of the sewing machines talking to two friends, in some way her dress was caught in a rapidly revolving wheel. Her two companions endeavored to release her by tearing off her dress, but were not successful, and she was being drawn towards the revolving wheel when Mr. Fleet, an employee, saw her peril and instantly threw off the belt which turned the wheel, stopping the machinery.

Charlestown Advocate:—The wedding of Capt. Milton Rouss, of Kabletown, was robbed in broad daylight on Friday about 12 o'clock. Several valuable articles were stolen. Mr. Rouss saw the thief, who was a colored man, coming out of the front door, as he returned from Charlestown, and upon making inquiry of his wife who she was, found she knew nothing of him.

Wheat has declined in price owing to the government estimating stocks in hand of farmers at 198,000,000 bushels, and No. 2 red is quoted at 75 cents per bushel. They are still talking of finding evidences of coal deposits in the western part of Frederick county, and public interest in the matter is increasing. We hope the deposits will be found in such proportions as to invite the building of a new railroad to them.

Mr. Charles LaFollette, of near Capon Bridge, was thrown from his horse and dragged some distance in Winchester one day last week. The animal had been frightened at a freight depot and ran off. The Rock Enon Springs Hotel, situated in the western section of Frederick county, at one time a famous watering place, belonging to A. S. Pratt & Sons, of Washington, was sold at public auction last week. Mr. John W. Rice was the highest bidder, the price being less than \$5,000.

Geo. W. Carter, a well known and respected colored man of this place, died of pneumonia after a few days of illness on Tuesday night of last week, just three weeks after his wife had died of the same disease. He was aged 64 years. This disease has attacked a number of persons in this vicinity during the winter, the extreme changes in the weather no doubt contributing to its attacks.

Tribute to Marion Diffenderfer.

Young Marion Diffenderfer, concerning whose sad death the COURIER gave an account last week, is spoken of in the highest terms by those who knew him in his new home. A friend writes from Lancaster, Pa. to his parents, telling them that he was loved by all who knew him; that he was kindhearted; that he will be missed in the Sabbath School where all its members held him in high estimation, and that the sympathy of all were extended to his parents who were denied the privilege of bidding him goodbye before taking his journey for the realms above.

He Fooled the Surgeons.

All doctors told Benick Hamilton, of West Jefferson, O., after suffering 18 months from Rectal Fistula, he would die unless a costly operation was performed, but he cured himself with five boxes of Bucklen's Arnica Salve, the surest Pile cure on earth, and the best salve in the world. 25 cents a box. Sold by C. W. Henocoe, druggist.

A DOCTOR PUNISHED.—The mail carrier from Flint Hill, Rappahannock county, as well as other persons from that village, report that recently a number of masked men visited the home of Dr. Mellen in Flint Hill, and after tying him to a tree in his yard administered a sound whipping.

Domestic trouble and harsh treatment of his wife is claimed to have been the cause of the visitation. As it was well known that such a visit was expected, it is stated that Mellen slept on his arms, and it was only by a ruse that he was caught before he could bring his rapid fire guns into play. One of the party went to his house for medicine for a friend suddenly taken sick, and while in the office preparing it the doctor was seized and carried to the yard. He remained tied to the tree for two hours, all during the terrible rain storm, and was finally liberated by Mr. Chief, who lived nearby. Dr. and Mrs. Mellen are well connected in Rappahannock county.

Thursday night while returning home Joseph Elgin encountered the bear on the road and ran back to Weverton to give the alarm. A large party armed with guns and pistols started out to hunt for the bear, but failed to find it.
